

МЕТОДИЧНІ РЕКОМЕНДАЦІЇ ЩОДО ВИКОНАННЯ ЗАВДАНЬ ТЕСТУ ЄВІ

Загальні рекомендації

- You have to be well aware of the structure of the test;
- You have to remember about time management. The time limit is 1 hour: six tasks should be completed in 50–55 minutes as you need some time to transfer your answers to the answer sheet;
- Don't read every text in detail. Use Skimming and Scanning techniques instead;
- Beware of distractors! They look like the words in the text, however they are used in a different context;
- Underline the key words. They'll help you to come up with the correct answer.

Рекомендації до першого завдання

- Pay attention to the title.
- Look through the text to understand what the text deals with.
- Read the options, identify the key words and underline them.
- Match each option with the relevant part of the text.
- Looking for the correct answer, check every option.
- Remember that three options are extra.
- Beware of distractors. The lexical units used in the options will differ from those used in the text to express the same fact or idea.

Рекомендації до другого завдання

- Pay attention to the title if there is any.
- Read the text (skim it) to get to know what it deals with.
- Don't worry if you don't understand every word.
- Read the questions carefully and underline the key words.
- Usually the questions follow the order of the text.
- After reading each question, find the part of the text where the answer is.
- The structure of the question often helps to decide where in the text to look for the answer. Besides, you can mark in the text the number of the question the particular information refers to.
- Read the part of the text the question refers to more carefully (scan it).
- You can cross out the options which you believe are certainly wrong.
- Find the option which best answers the question you are working at according to what you have read in the text.
- Remember that some questions may contain three correct options. The only option

that is not reflected in the text or contradicts it is the correct one in this case.

Рекомендації до третього завдання

- You don't need to read the whole text first.
- Pay attention to the title/titles if there is/are any.
- Read the options, identify the key words and underline them.
- Read the text and find the information you need. Try to determine the word, the group of words or the sentence that contains/contain the information you need.
- When you find the relevant part of the text, read it carefully.
- Match each option with the relevant part of the text.
- Doing the task check every option.
- Remember that two options are extra.

Рекомендації до четвертого завдання

- Read the task and the title if there is any.
- You don't need to read the whole text first.
- Read through the text (skim it) for general understanding.
- Read the options.
- Read carefully the sentences before and after the part you have to insert.
- The sentences have to be logically connected.
- Check every option that seems grammatically correct in the given case.
- Pay attention to the word order, linking words (also, even though, on, so) and the words that contrast the ideas (however, although).
- Take care of the sentence structure. Remember that the sentences have to be grammatically correct.
- Don't forget about the punctuation.
- After you have chosen the option that you believe is correct, check again if it suits both logically and grammatically.

Рекомендації до п'ятого завдання

- Read the text and the title if there is any for general understanding.
- To choose the correct option analyse if it fits the context.
- Check the words before and after the gap. Some words can only be used with certain prepositions, and some words are parts of set phrases or phrasal words.
- Some options may look similar, but only one of them is semantically correct in the given context.

- Having finished the task read through the text again and make sure that the text makes the complete sense with your answers in place.

Рекомендації до шостого завдання

- Read the text for general understanding.
- The task is focused on grammar.
- Some options may look similar, but only one of them is grammatically correct in the given context. For example, nouns have singular and plural forms.
- Check the words before and after the gap.
- Decide which word fits each gap. Look out for fixed expressions and dependent prepositions after certain words.
- Take care of the sentence structure.
- Choosing certain tense or voice form pay attention to specific lexical markers.
